MOBILE CRISIS OUTREACH

How we help

In crisis situations where clients would benefit from a face-to-face meeting, Foundation 2 Mobile Crisis Outreach delivers professional on-site crisis response.

When a service provider, medical professional, employer, family member, friend or individual believes a situation would benefit from on-site crisis intervention, they can call Mobile Crisis Outreach 24 hours a day at **(319) 247-0030**.

HOW DOES MOBILE CRISIS OUTREACH WORK?

The crisis team will respond within one hour of receiving a request. Upon arrival, team members will assess the situation and attempt to stabilize and de-escalate the crisis. Counseling is provided along with referrals to other community resources as needed.

WHAT SITUATIONS WILL MOBILE CRISIS OUTREACH RESPOND TO?

Mobile Crisis Outreach is intended for a variety of situations, including but not limited to:

- Assessing an individual's safety or wellbeing
- An emotional crisis
- A family crisis or situation involving more than one person
- An individual in danger of attempting suicide
- A need for support and advocacy for those awaiting inpatient committal for mental health or substance abuse treatment

For the safety of team members and the public, we are unable to respond to situations in which medical rescue is needed, or those involving physical violence or weapons.
